

# ANKLE LACED BOOT

Product number: 9542-ME

## Features & Benefits

### Features

- Oils and acids/alkalis-resistant
- Anti-impact steel toecap
- Anti-puncture steel midsole insert
- Light weight, anti-slip, Dual Density Polyurethane (PU) Sole
- Provides impact cushioning for the whole foot
- Antistatic

### Benefits

The 9542-ME is an economical choice for professional footwear for various work situations. 9542-ME offers a comfortable fit and is available in all standard sizes. Its light weight and anti-slip PU sole provides good grip on various work surfaces and provides long term durability and adequate protection in industrial environments.

## Maintenance

### Storage Information

Footwear should be stored in their original packaging, kept in a controlled stock area not subject to rapid changes in temperature or humidity levels.

### Care Instructions

After use leave your footwear to dry in an aired place away from heat. Remove any excess dust or dirt with a brush. Remove any marks using a damp cloth and soap if necessary. Finally polish any grain or pigmented leathers using a commercially available shoe care product.

## Technical Information

### Certification:

Standard: CE EN 20345:2011 / S1P SRC
